## Report Will Call For Full-Scale Transit Inquiry

#### 'Challenge' Should Be Met, One-Man **Prober Declares**

A full-scale investigation of the Capital Transit Co. will be recommended to the House District Committee next Wednesday by its one-man investigating subcommittee, Representative Patterson, Republican, of Connecticut, it appeared today.

Mr. Patterson issued a statement in which he said that Congress and the District Commissioners should meet the "challenge" of the transit company. Any "meeting the challenge" probably would involve a complete

investigation. Mr. Patterson was appointed a one-man subcommittee to report on the transit company's activities in response to growing criticism of the firm's policies.
